**Dear Members,**

As you are aware, the names of representatives from all associations were requested by today at 5:00 PM for the elections of the District Olympic Association. Several members reported difficulty in sending emails due to network issues. Considering this, the deadline for submitting the names of representatives has been extended until 12:00 midnight today.

Please ensure that any association that has not yet submitted the names of its representatives does so by 12:00 midnight today. No names will be accepted after this deadline.

With regards

Thanks and Regards
